

### Special Features

- ▲ NSF APPROVED BUBBLER VALVE
- ▲ HYGIENIC AND VANDAL RESISTANT
- ▲ SMOOTH RADIUSED DESIGN
- ▲ ONE PIECE CONSTRUCTION
- ▲ EASILY AND QUICKLY INSTALLED

### Description

The pedestal drinking fountain is a free standing design that is hygienic and robust. The smooth radiused design eliminates sharp corners which can cause injury and the one piece pedestal conceals the supply and waste pipework. Easy to install, the unit is supplied with a NSF approved shielded bubbler valve with push button operation.

### Construction

The drinking fountain is manufactured in one piece without joints or crevices from grade 304 stainless steel with all exposed surfaces polished to a satin finish.

The pedestal drinking fountain incorporates a stainless steel access panel fixed in place by security type screws.

The drinking fountain is supplied with a flush grated waste fitting and a NSF approved chrome plated shielded bubbler complete with a self closing push button valve.

### Options

- ▲ A range of **Enviro-Glaze** colour finishes including white
