

FLOOR STANDING BOTTLE FILLING FOUNTAIN JUNIOR HEIGHT

PRODUCT CODE
CWS FSBFJ 474

MAY 2016

Special Features

- ▲ HYGIENIC AND VANDAL RESISTANT
- ▲ SMOOTH RADIUSED DESIGN
- ▲ INTEGRAL SPLASHBACK
- ▲ ADULT AND JUNIOR HEIGHT MODELS
- ▲ SHROUD TO CONCEAL PIPEWORK

Description

The floor standing bottle filling fountain is hygienic, robust and supplied in two models to suit adult or junior height installations. The bottle filling valve is positioned for ease of use and the smooth radiused design eliminates sharp corners which can cause injury. The bottle filling fountain is supplied with a full height shroud to conceal the supply and waste pipework.

Construction

The bottle filling fountain is manufactured in one piece without joints or crevices from grade 304 stainless steel with all exposed surfaces polished to a satin finish. For ease of cleaning and hygiene a splashback is incorporated in the top of the drinking fountain.

The shroud is removable to gain access to the pipework and is held in place by security screws.

Each bottle filling fountain is supplied with a flush grated waste fitting and a chrome plated swan neck bottle filler complete with a self closing push button valve.

Options

- ▲ This product is available in an adult height version – please refer to model 473
- ▲ This product is available in a drinking fountain version – please refer to model 472
