

PRODUCT CODE
CWS WE248

JULY 2020

The CWS WE248 is a foot operated stainless steel floor standing wash basin with fully enclosed sides and front. Easy foot operation allows for on / off water supply without the need to touch the tap. The basin will work with either cold or pre-mixed water supply. Ideal for no touch hand washing to help prevent cross contamination and the spread of germs and viruses.

Supplied with chrome plated brass foot operated valve, swivel basin spout, 32mm flush grated waste fitting (no overflow), tap hole blank (for the second tap hole), flexible water pipe between valve and spout and removable front access panel.

The full height shroud is ideal for concealing the waste and water supply pipes making the installation neat, tidy and less prone to tampering.
